

RIIWHS204D – Work safely at heights

Course Description:	This unit covers working safely at heights in resources and infrastructure industries. It includes: identifying the work requirements, work procedures and instructions for the task; accessing and installing equipment; performing work at heights; and cleaning up the work area.
Entry Requirements:	Must be at least 16 years old.
Pre-Requisite:	N/A
Duration:	8 hours (1 day)
Venue:	On-Site training. To be confirmed during the booking process
Participants:	No maximum number (minimum 4 people)
Food/Beverages:	To be provided onsite by the client
Site Requirements:	Client will need to provide a wall or area to perform an abseil off as part of the practical assessment. PPE to be work as per site requirements – Suggested minimum - Hi visibility vest/clothing, hard hat and safety boots, glasses.
Material Supplied:	All required training material is supplied by MBE training. The use of site equipment is recommended to give the trainees some familiarisation with the equipment available onsite.
Assessment:	Trainees will undertake a theory assessment, followed by a JSA, and a practical assessment.
Outcome:	Once competence is achieved, trainees will receive a Statement of Attainment for RIIWHS204D – work safely at heights as well as a wallet card with the trainee's photo
Language, literacy and numeracy:	The assessment process is broken into two sections – Knowledge and Practical. The exam is an open book and if required verbal assessments can be undertaken.
Other information:	The training and assessment will involve wearing a harness and performing an abseil. Trainees will need to have the basic fitness required to undertake these practical tasks.
Cost:	\$300 per person. Travel + (gst) will be charged at \$1.00 per km if more than 50km from MBE office. (GST is not charged on nationally recognised training)
